HOUSE OF PLASTICS UNLIMITED INC

MAKING YOUR IDEAS A REALITY

Serving Central Florida since 1969

MAKING YOUR IDEAS A REALITY

Design & Engineering Support

Our staff is comprised of over 125 years combined experience in the design and development of thermoplastic materials.

Prototype Development

We can assist in designing your product for optimal performance and economical production to give you a competitive edge.

In-house Tooling

We are capable of expediting small run epoxy or fiberglass tooling as well as aluminum tooling for large production runs.

Competitive Pricing

We communicate with suppliers across the country, every day, in order to give you the most competitive price possible.

Large & Small Production

No job is too small or too large. Our competent staff can make the proper arrangements to handle any size job.

OUR MISSION

We strive to exceed customer expectations with a quality management system that ensures a consistent flow of exceptional products and services. We remain ardently dedicated to continual innovation and improvement. Our team's goal is to become the number one supplier of Thermoformed products by offering superior service and premium quality delivered in a timely fashion.

SERVICES

- Thermoforming
- Injection Molding
- CNC cutting
- Plastic/Acrylic Fabrication
- Reverse Engineering
- CAD Drawing
- Large-scale machining

CAPABILITIES

Vacuum Forming

Four Stage Rotary

4' x 6' forming area

Auto Vac Former

3' x 4' forming area

PVI Former

8' x 4' forming area

Lamco Single Station Former

3' x 5' forming area

Reverse Engineering

LDI Laser scanner

4' x 8' x 3'

Romer digitizing arm

Computer Controlled Cutting

Quintax 5-axis CNC

Twin 5' x 5' tables

Motion Master 3-axis CNC

5' x 10' table

Motion Master 5-axis CNC

32' x 12' x 8' envelope

DMS Router 3-axis CNC

Twin 5' x 5' tables

Die Cutting

24" x 36" Capability

Precision Fabrication

Bending

Gluing

Polishing

Strip heating

Welding
